

Cenotech Solutions welcomes Jonathan Wicks & Matt Smith

Boston, February 25, 2015/Cenotech Solutions LLC/- Cenotech Solutions LLC welcomes Jonathan Wicks and Matt Smith.

Jonathan brings 30 years of global custody, systems implementations and investment management operations experience. He has hands on experience with domestic settlement processing, SWIFT messaging and all types of securities. He has managed software enhancements, implementations and conversions in both custody and investment management environments. In addition he has supported investment management operations including accounting, performance measurement, trading, third-party attribution systems and client reporting. "Jonathan's technical expertise in development solution design brings considerable strength to our client's projects, states Tom Montgomery, President of Cenotech".

Matt Smith enhances Cenotech's Program Management capabilities with 24 years of experience in the Financial Services Industry. Matt's experience as a program and project manager has resulted in many significant implementation experiences in the back and middle offices. Clients have relied on him for managing large scale accounting, performance, reporting and warehousing projects where he has leveraged both business and technical skills to assure success. Tom goes on to say, "His capabilities allows him to communicate with all project members and stakeholders at every level of the organization. We are thrilled to have him on-board".
